Actor Bio:

Alistair was born in a lifeboat when his mother's cruise ship was fatally done in by a distraught Beluga whale. It could explain his competing love for, and fear of, the sea. Not to mention whales!

His first memories were of the search for dry land. (At least he learned to swim).

By 12 he was diving 6 fathoms for pearls off the coast of Baja California. It made his family wealthy, but kept him out of school. He always dreamed of becoming a truant officer. But, those jobs are scarce and highly competitive, so his parents convinced him to train as an actor -- to have something to fall back on.

Fall back he did.

Not soon enough, as it turned out, since another Richard McKenzie beat him into the Guild.

A proud papa, Alistair (formerly Richard) boasts the greatest daughter on the planet.
